

Windows and Glass

Can't put new windows in the walls of existing building.

Could do something more decorative with the half-circle windows

Consider a conservatory type space – green house, light, volume, gallery space, corridor for gathering.

Glass in the courtyard, make it like conservatory/gazebo. Put solar there.

Clear glass in lower part of sanctuary windows?

Sanctuary Stage

Front of the sanctuary – get rid of the grill above the platform. Not part of the organ.

Get rid of white sheet and find a permanent place for the blue glass.

Lewis Hall

Lewis Hall is wasted space right now.

Make Lewis Hall commercial space. Fare start location.

Lewis Hall is dark enough to show movies in.

Flexibility of Spaces

Not just partitions

Make spaces multifunctional for conferences, coffee house, study, art, media/tech,

Other

- Desire or spacious grace, graceful space
- More intimate worship spaces (e.g. chapel, Courtyard)
- Spaces that serve our own community as well as those we're serving)
- Zoned heating.
